Teacher note

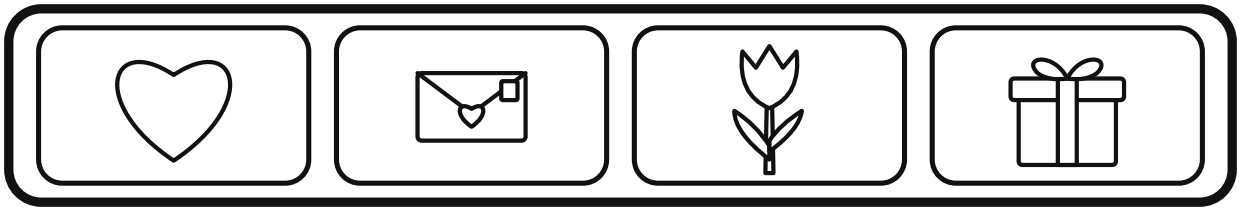

A kind, whole-class Valentine's week: read the mini-book, use the word mat for the "I love you because" writing frame, make a card for every classmate so nobody is left out, colour a bunting flag each and hang the Happy Valentine's Day banner, cut out paper hearts for the door, then the colouring, the word search and the addition sheet. Answer keys are in the pack; pull them out before you photocopy.

Valentine's Day is Sunday 14 February 2027, so most classes will mark it on Friday 12 February.

Printing: print at 100% (actual size). The reader's mini-book is one sheet that folds into 8 little pages; the steps are on its web page. The word mat pages are landscape. Each page has a QR code that opens its own page, where it can also be coloured online or printed again on its own.

What is Valentine's Day?

A Colouring Nest reader

Name _____

Words to know

kindness
being friendly, caring and helpful

Saint
a person the Christian church remembers as very good

poems
words written like a song, often with rhymes

valentines
cards for Valentine's Day

homemade
made by hand at home

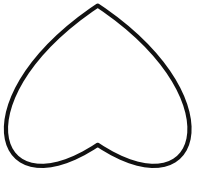

In Finland and Estonia, 14 February is Friend's Day, a day to say thank you to friends. Anyone can join in by doing something kind.

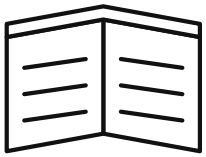

In many classes, children make a card for everyone, so nobody is left out. Some people give flowers or chocolates too.

Valentine's Day is on 14 February. It is a day to show love and kindness to friends, family and the people we care about.

It is named after Saint Valentine, a Christian man who lived in Rome long ago. Not much is known about his life, and there are many different stories about him. His special day is 14 February.

More than 600 years ago, people in England and France began to link the day with love. They wrote poems and notes for the people they loved.

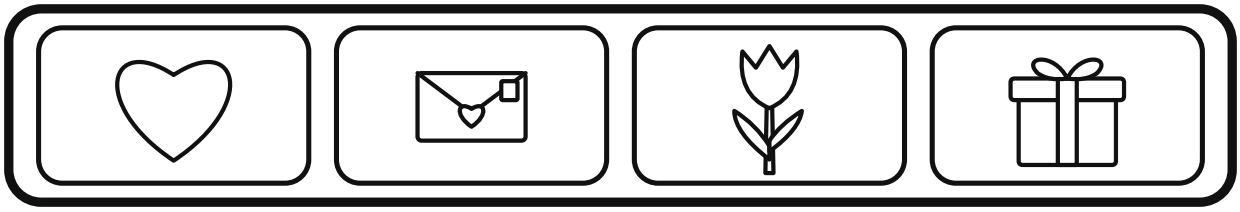

Today, many people give cards called valentines. Some cards are bought, and some are homemade, with hearts, flowers and kind words.
