Want more?

Every page on colouringnest.com has a free A4 and US Letter PDF. Search by theme, or see the seasonal calendar at colouringnest.com/calendar/ for what to print each month.

How to use this kit

A short guide for public and school libraries, holiday programmes and community centres.

1 Put up the poster

Print the poster page on A4 or US Letter and pin it near the children's area, the printer or the holiday-programme table. The QR code opens the site on any phone.

2 Print a starter stack

Print 10 to 20 copies of each favourite page. Every page has its own A4 and US Letter PDF, so it prints at the right size first time.

3 Mix the ages

Colour by number and dot to dot suit younger children; mazes, word searches and mandalas keep older children and adults busy.

4 Use the monthly page

Our printable of the month is picked for the NZ and Australian season. Paste the ready-made block into your newsletter or display it by the desk.

5 Ask us

Need a theme for a holiday programme? Email support@colouringnest.com and tell us what you are planning.
