Ideas for each set

- Indoor rhyming clues, in order: the fridge, a bed, the bath, a shoe, the washing machine, the bookshelf, the sofa, the toy box.
- Outdoor rhyming clues, in order: the letterbox (mailbox), a plant pot, a tree, the swing, the hose or watering can, a bike or scooter, the doormat, the sandpit (sandbox).
- Toddlers and preschoolers: use the picture clues and hide eggs in plain sight at their eye level.
- Older children: mix the order, or write your own riddles on the blank cards.

Safety

- Keep clues and eggs away from roads, driveways, pools, ponds, ovens and anything hot.
- Check for allergies before using chocolate: many eggs contain milk, and some contain nuts.
- Small eggs and foil are choking hazards for under-threes: use large plastic eggs for toddlers.
