Observation and planning

Child or group _____ Week of _____

1. Observe

What did you see and hear? Note words, actions, who and where.

2. Analyse

What does it tell you about this child's learning and interests?

3. Plan

What will you offer next: materials, time, space, people?

4. Implement

What happened when you tried it?

5. Reflect

What worked, what would you change, who else should know?
