Label the digestive system

Write the name of each part on its line.

Name _____

Word bank

anus	esophagus	gallbladder	large intestine	liver
mouth	pancreas	rectum	small intestine	stomach

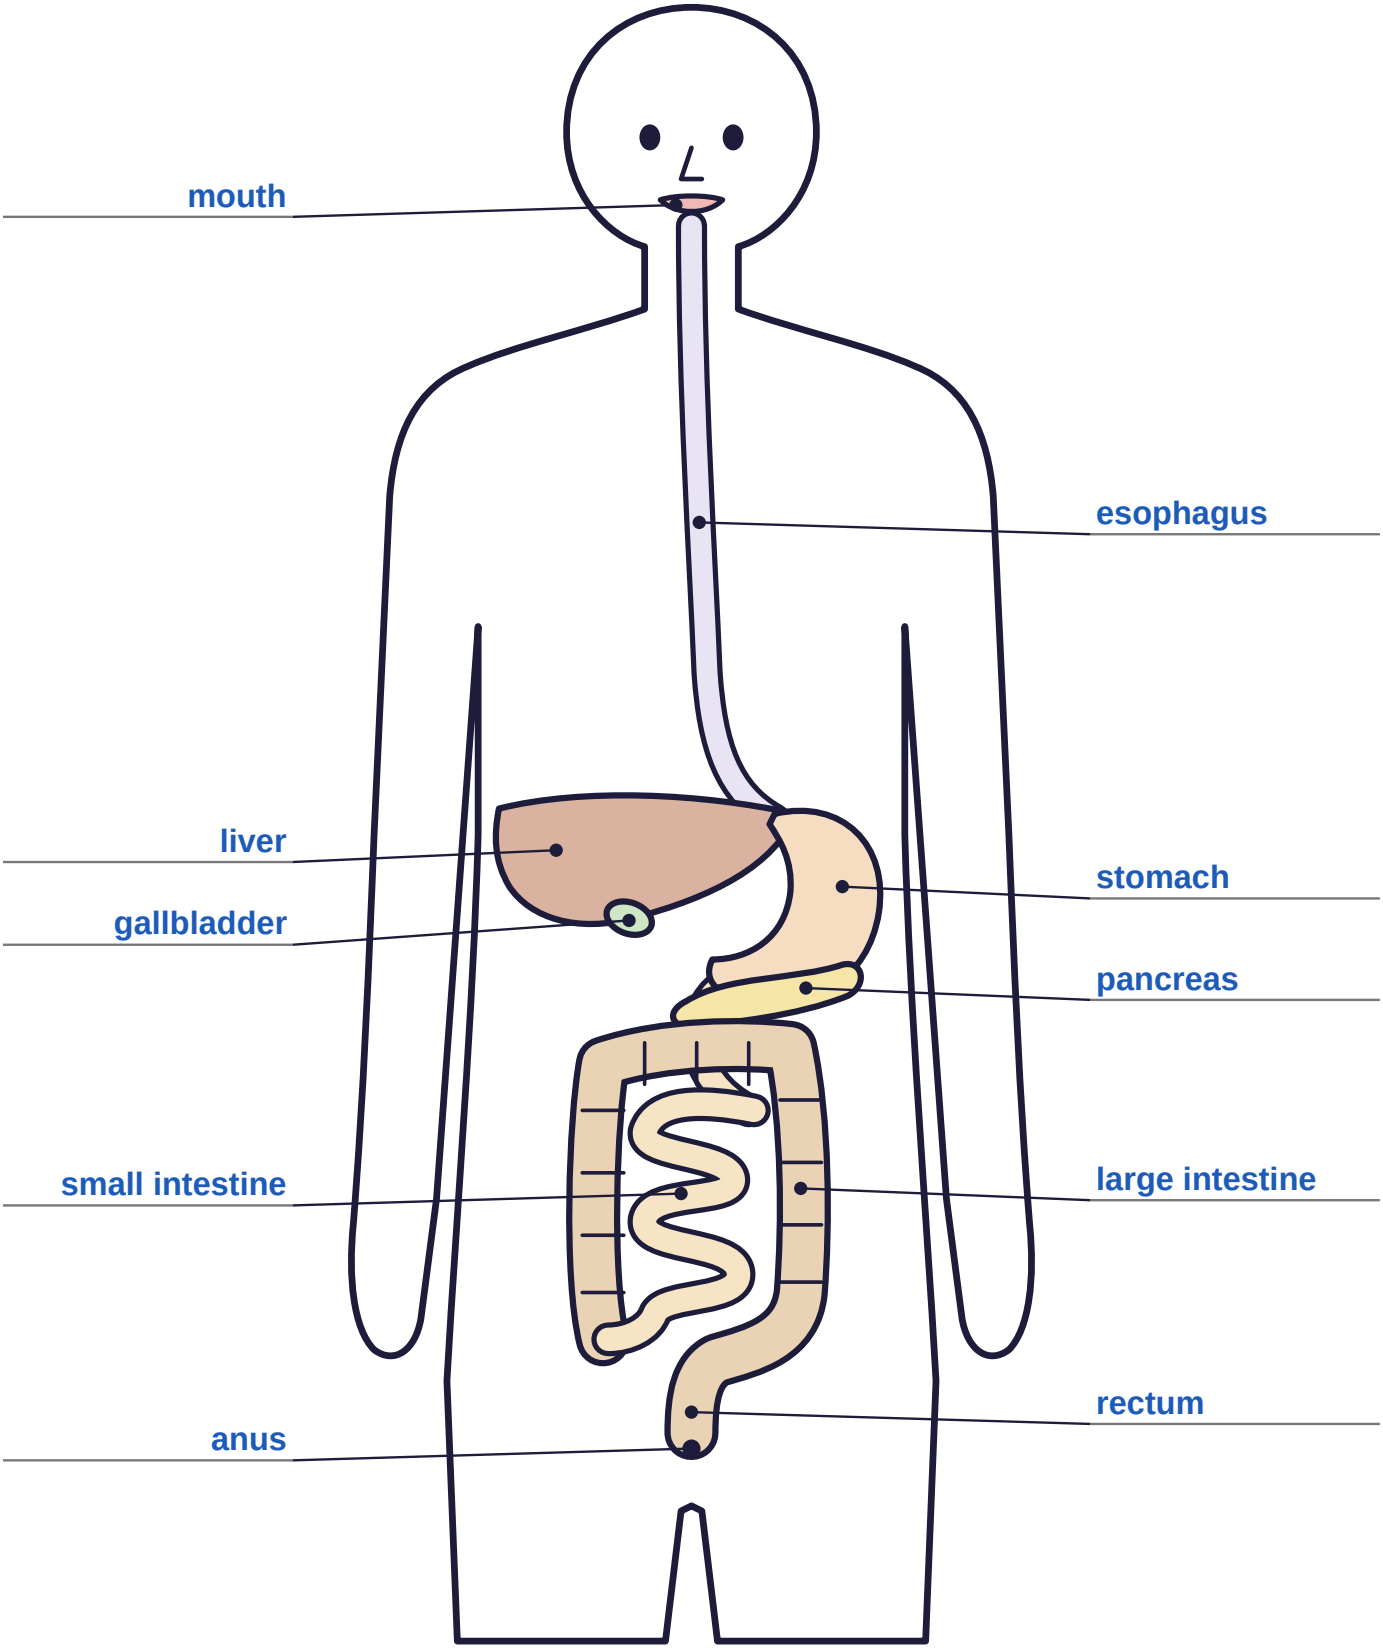

The journey of food: put it in order

Number the cards from 1 to 7. Cut them out and stick them in order if you like.

Name _____

- ☐ Small intestine: Juices from the liver and pancreas finish breaking down the food. Nutrients pass into the blood.
- ☐ Mouth: Teeth chew the food. Saliva makes it soft and wet so it is easy to swallow.
- ☐ Rectum: The waste is stored here until you go to the toilet.
- ☐ Esophagus: Muscles in the food pipe squeeze the food down to the stomach.
- ☐ Anus: The waste leaves the body.
- ☐ Stomach: The stomach churns the food and mixes it with acid and juices.
- ☐ Large intestine: Water is taken back into the body. What is left becomes solid waste.

Answers: the digestive system

Answers: the journey of food

4 Small intestine: Juices from the liver and pancreas finish breaking down the food. Nutrients pass into the blood.

1 Mouth: Teeth chew the food. Saliva makes it soft and wet so it is easy to swallow.
