How to draw a Christmas tree

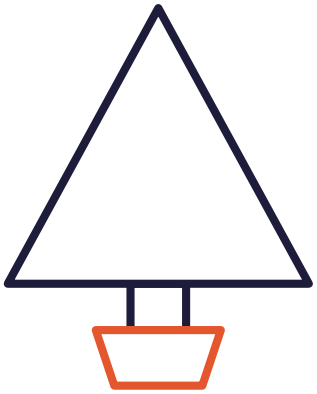

1. Draw a big tall triangle for the tree. Make the bottom wide.

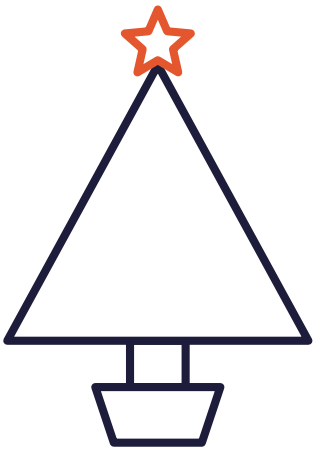

2. Under the middle of the tree, draw a short square trunk.

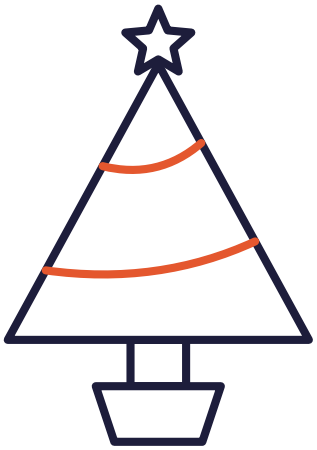

3. Draw a pot under the trunk: wide at the top, narrower at the bottom.

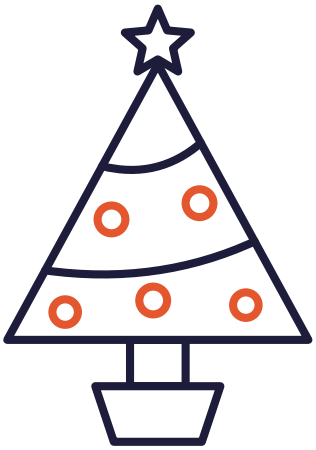

4. Put a star on the very top of the tree.

5. Add two curvy lines across the tree for the tinsel.

6. Finish with round baubles hanging on the branches.
