How to draw a penguin

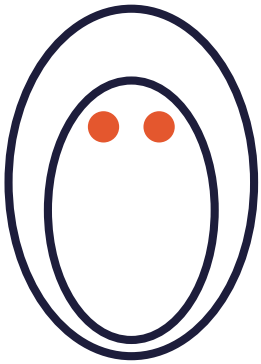

1. Draw a big egg shape for the penguin’s body.

2. Draw a smaller oval inside for the white tummy and face.

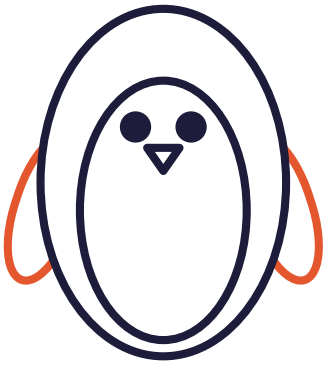

3. Draw two dot eyes near the top of the white part.

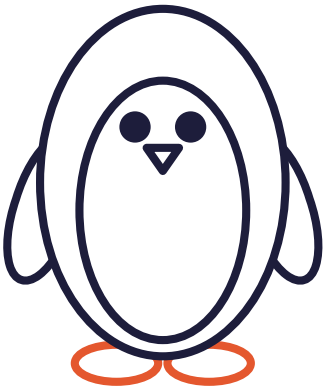

4. Draw a small triangle beak pointing down between the eyes.

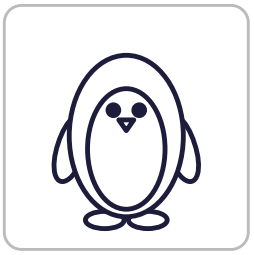

5. Draw a flipper on each side, poking out behind the body.

6. Draw two flat feet at the bottom.

Now draw your own penguin
