How to draw a snowman

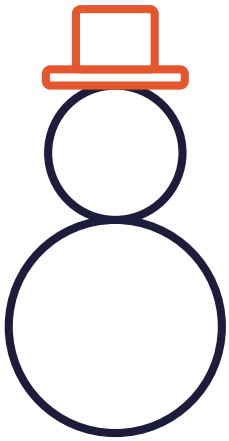

1 Draw a big circle near the bottom of the page for the snowman's body.

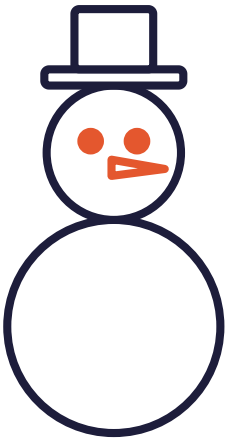

2 Draw a smaller circle on top, just touching the body, for the head.

3 Draw a top hat: a long flat rectangle on the head, then a tall box on top of it.

4 Give the snowman two dot eyes and a pointy carrot nose.

5 Draw three round buttons down the middle of the body.

6 Add stick arms with little twig fingers.

Now draw your own snowman
