Paper-cut window designs: fold and cut

Fold a square of paper in half. Copy the grey shapes onto the folded half and cut them out.

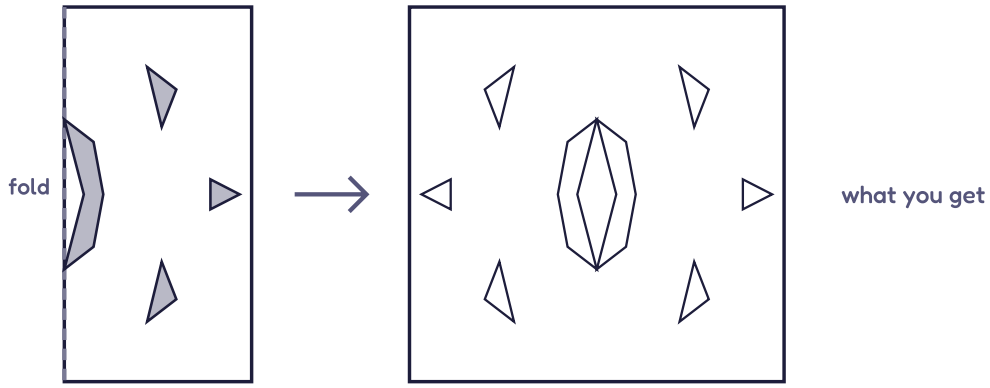

1. Diamonds

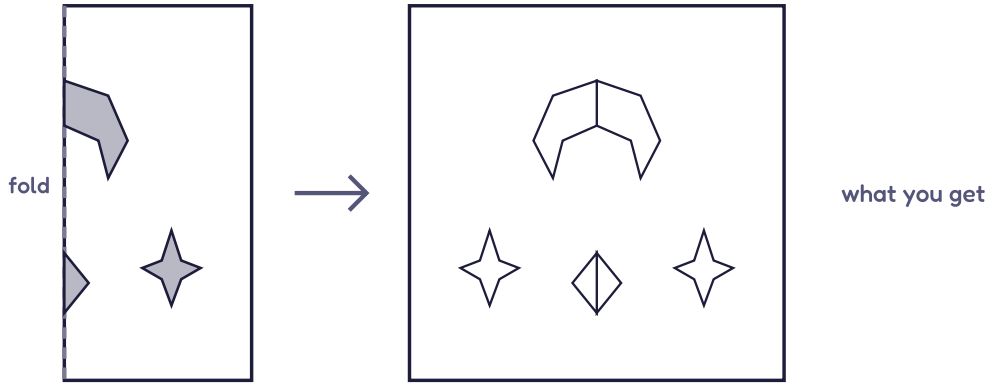

2. Steps

3. Flower

4. Moon and stars

Paper-cut: design your own

Draw shapes that touch the fold, shade the parts to cut out, then fold, cut and open.

fold

fold

fold

fold

Tip: shapes that touch the fold become one wide shape when you open the paper. Shapes away from the fold appear twice.
