Full, half full, quarter full or empty?

Write the words under each jar. Then colour water into the empty jars, and circle what holds more.

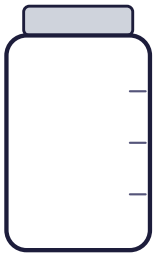

Colour the water to show:

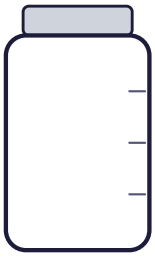

half full

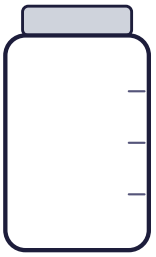

full

quarter full

empty

Which holds more? Circle it.

1.

2.

3.

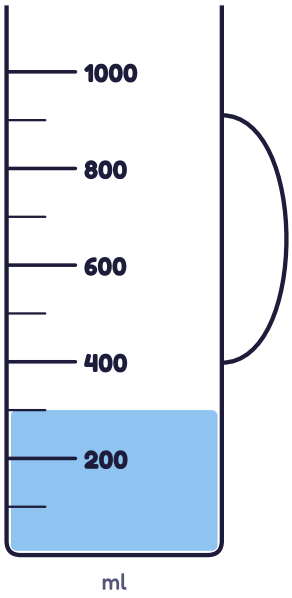

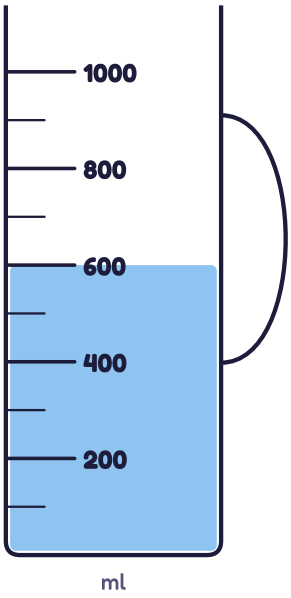

How much water is in the jug?

Look at the top of the water. Find the mark it lines up with. What is each small mark worth?
