Measure twice: long blocks and centimetre cubes

Measure each picture with 3 cm long blocks, then with 1 cm cubes. Cut out the strips at the bottom.

1. 

2. long blocks: _____ cubes: _____

3. long blocks: _____ cubes: _____

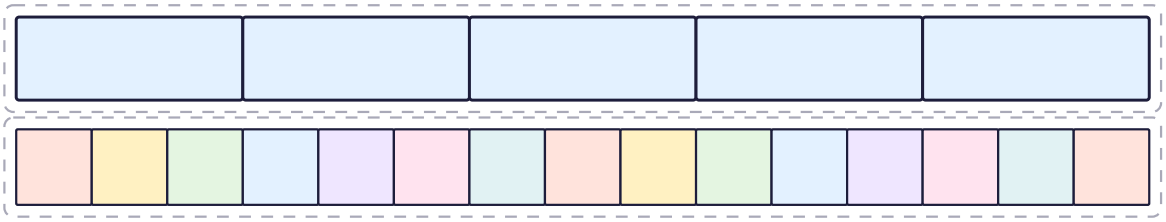

4. long blocks: _____ cubes: _____

long blocks: _____ cubes: _____

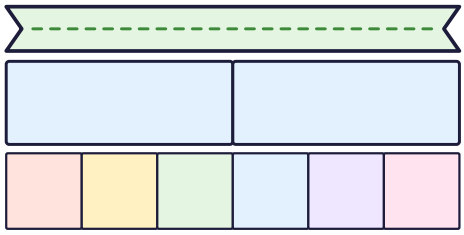

Why do you need more cubes than blocks?

_____

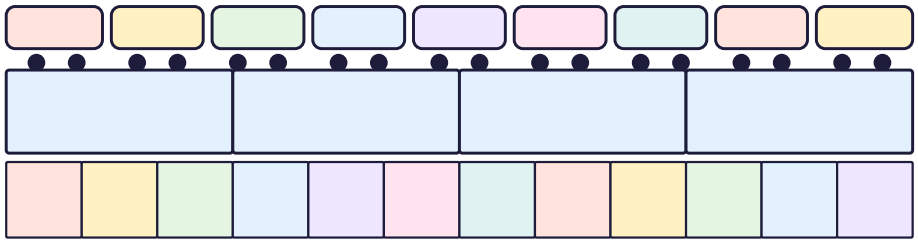

Answers: measure twice: blocks and cubes

1.

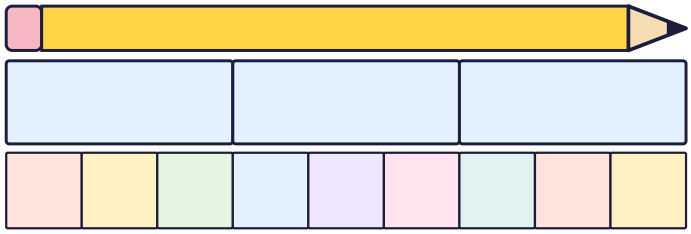

long blocks: **2** cubes: **6**

2.

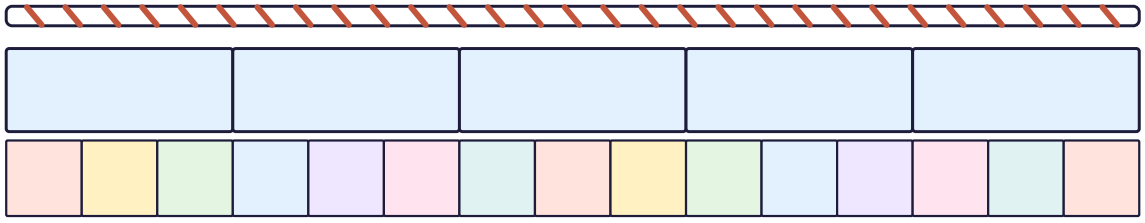

long blocks: **4** cubes: **12**

3.

long blocks: **3** cubes: **9**

4.

long blocks: **5** cubes: **15**

Why do you need more cubes than blocks?

The cubes are smaller: one block is as long as 3 cubes.
