Shake and spill: bonds to 5

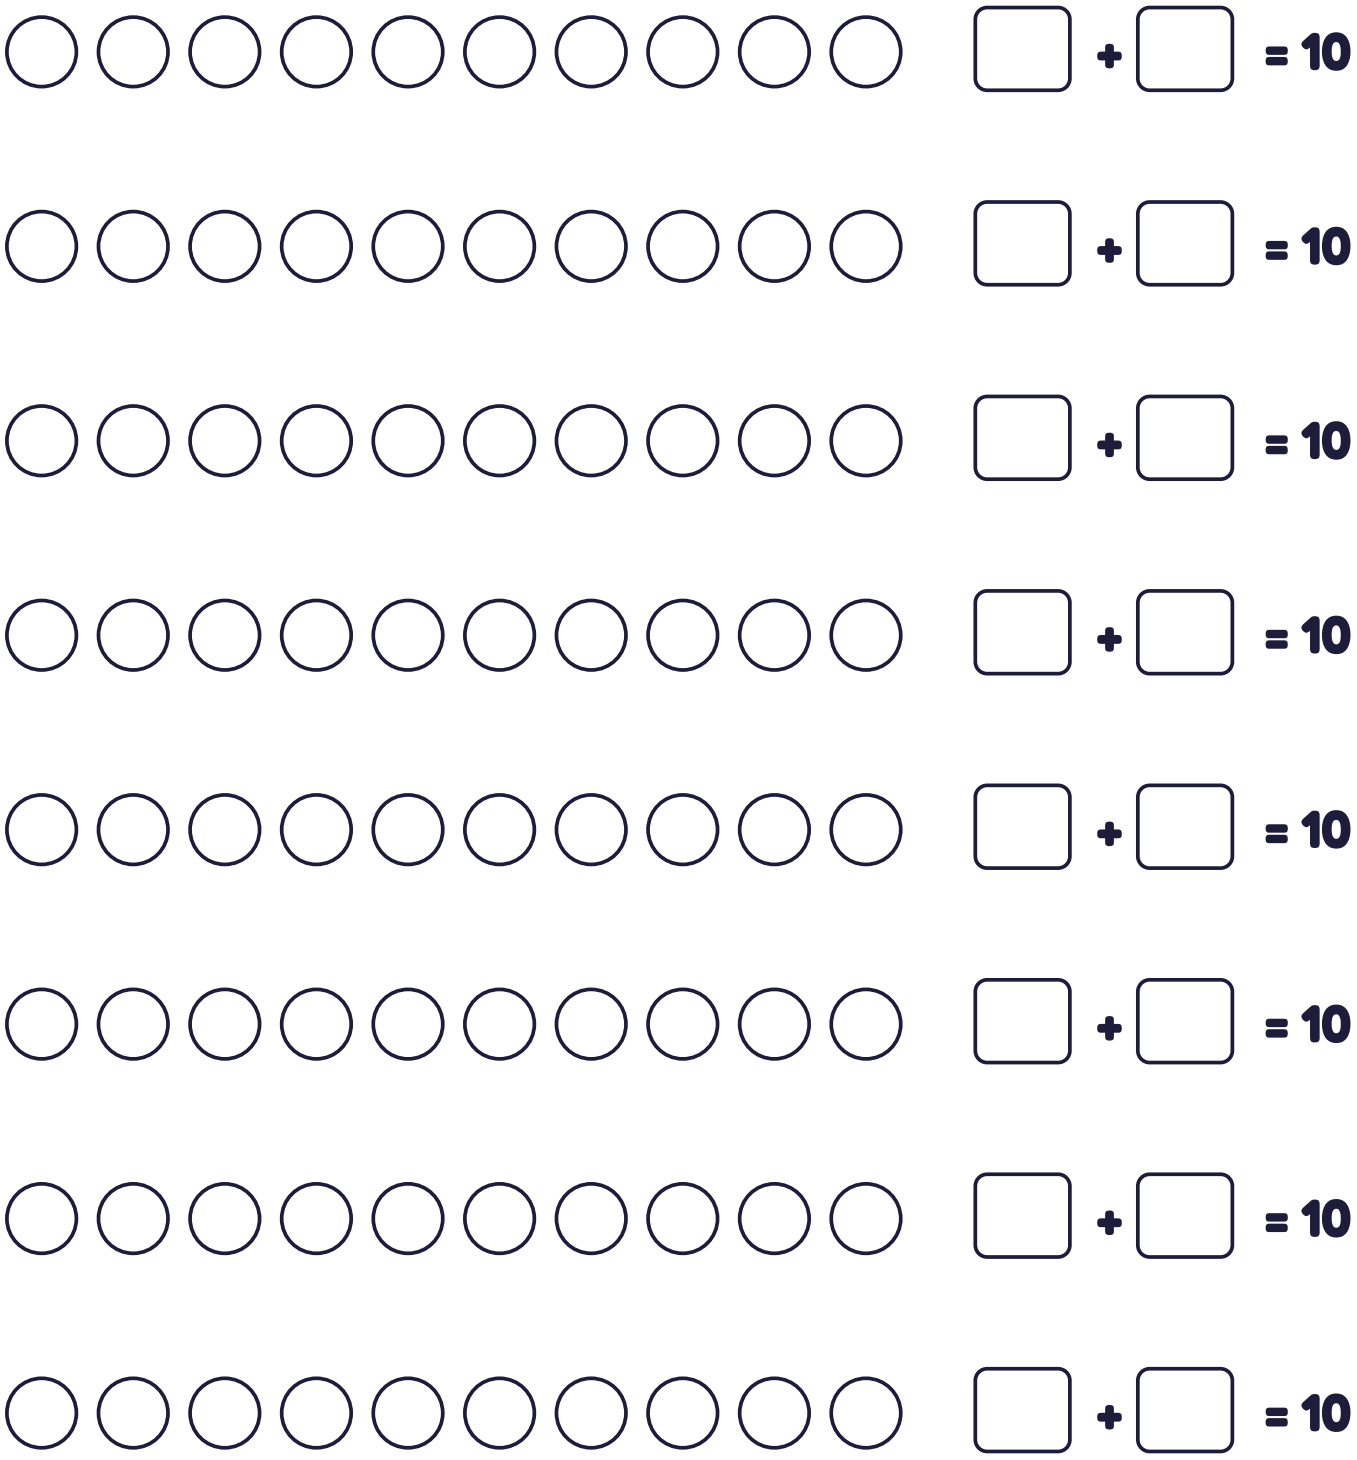

Shake 5 two-colour counters and spill them. Colour the circles to match and write the bond.

How many different bonds did you spill? Did any come twice?

Shake and spill: bonds to 10

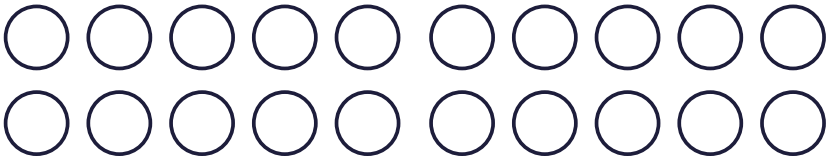

Shake 10 two-colour counters and spill them. Colour the circles to match and write the bond.

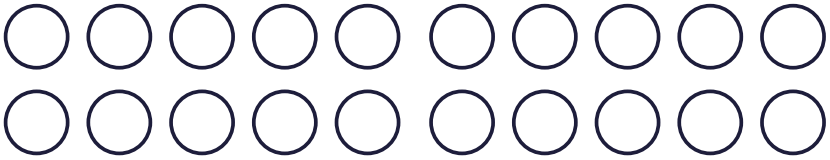

How many different bonds did you spill? Did any come twice?

Shake and spill: bonds to 20

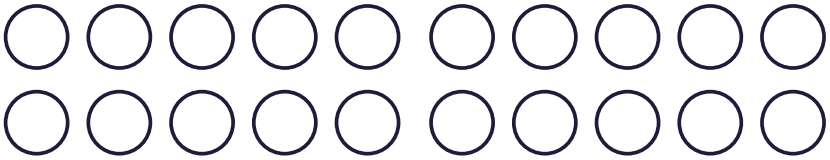

Shake 20 two-colour counters and spill them. Colour the circles to match and write the bond.

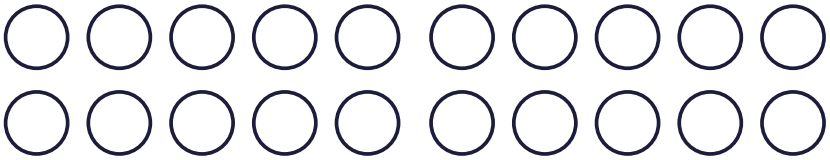

□ + □ = 20

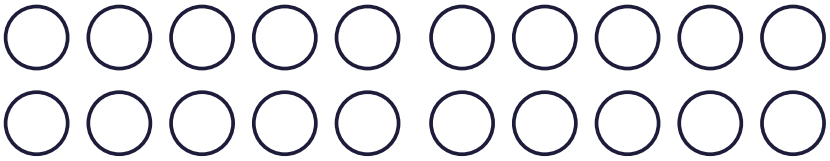

□ + □ = 20
