Spin and make 10

A game for 2 to 4 players. You need a paper clip, a pencil and counters.

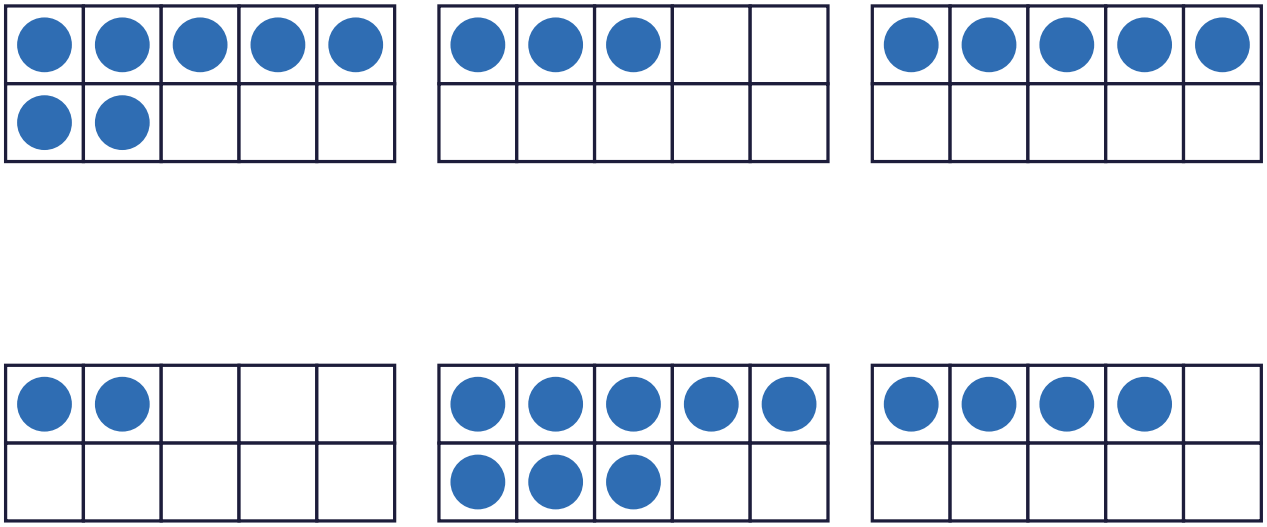

How to play

1. Hold the paper clip at the centre with the pencil tip and flick it. Read the number.
2. Find a ten frame on your board that needs exactly that many more to make 10. Cover it with a counter and say the bond: “6 and 4 make 10”.
3. No frame needs that number? Your turn ends. Keep playing until every board is covered: everybody finishes.

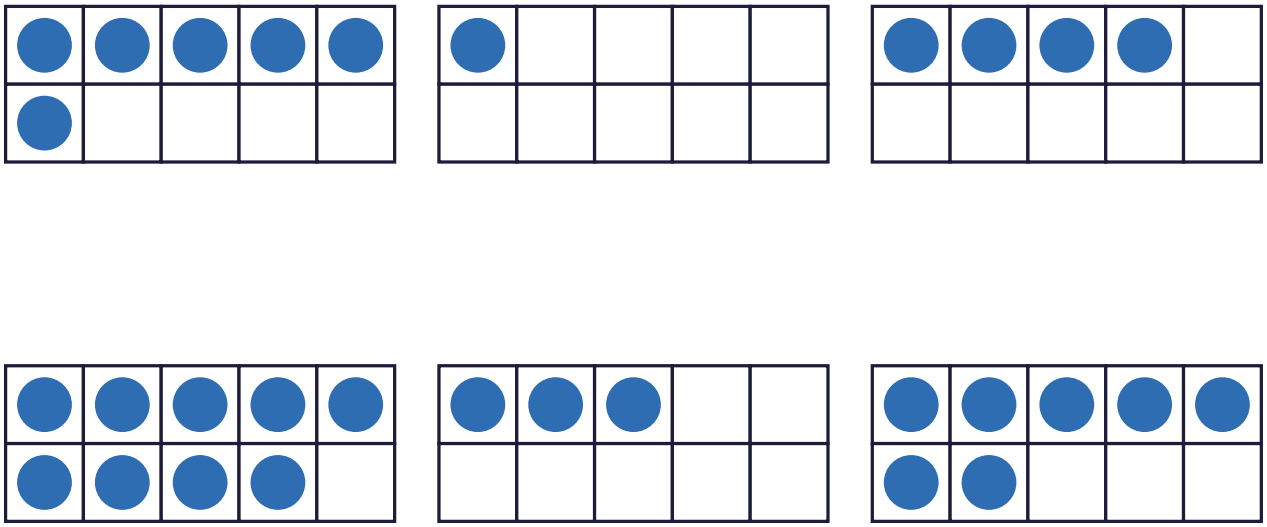

Spin and make 10: player boards

Cut apart. Each frame needs a different number to make 10.
