How to Plant a Bean Seed

You will need:

- a small pot
- some soil
- a bean seed
- some water

1. Fill the pot with soil.
2. Make a hole in the soil with your finger.
3. Put the bean seed in the hole.
4. Cover the seed with soil.
5. Water the soil a little.
6. Put the pot by a sunny window.

Check your pot every day. Do not let the soil dry out. After one or two weeks, a green shoot will pop up!
