Symmetry in letters: A to M

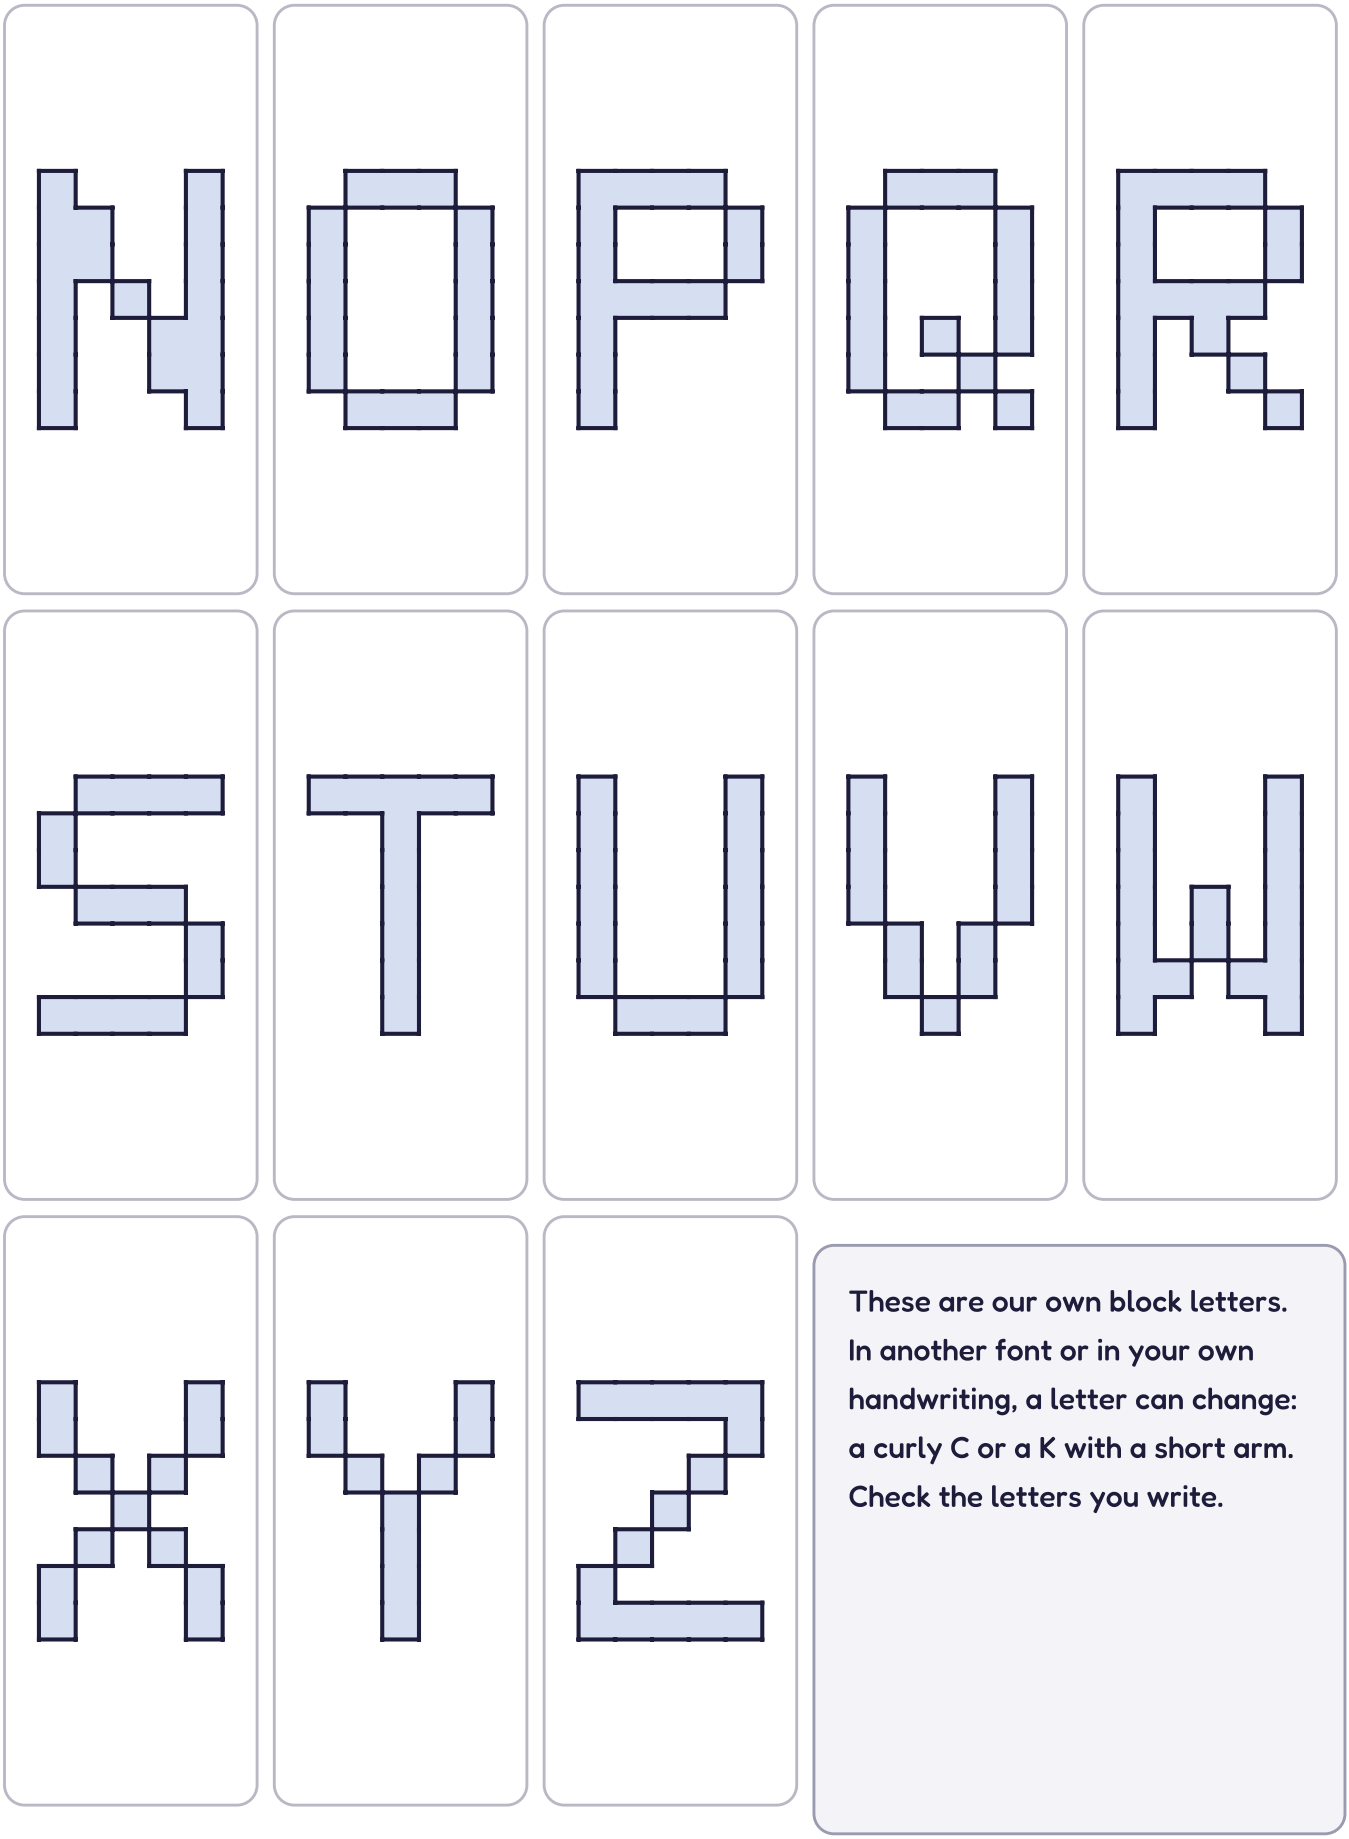

Draw every line of symmetry on each block letter. Some have one, some two, some none.

These are our own block letters. In another font or in your own handwriting, a letter can change: a curly C or a K with a short arm. Check the letters you write.

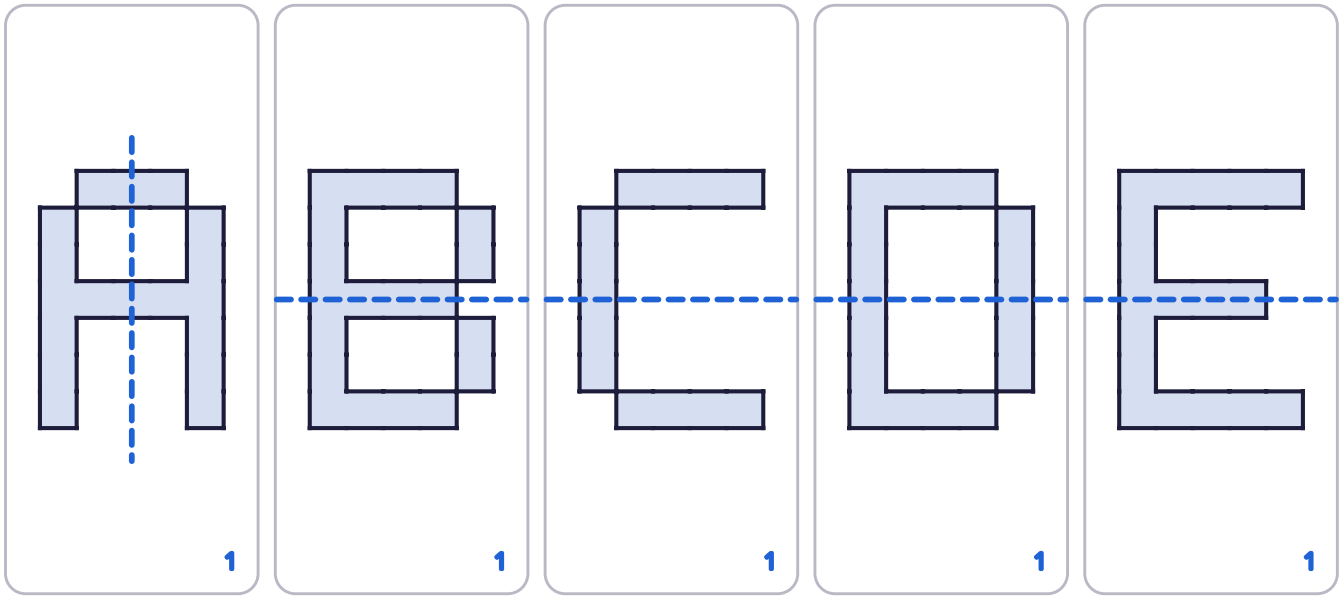

Symmetry in letters: N to Z

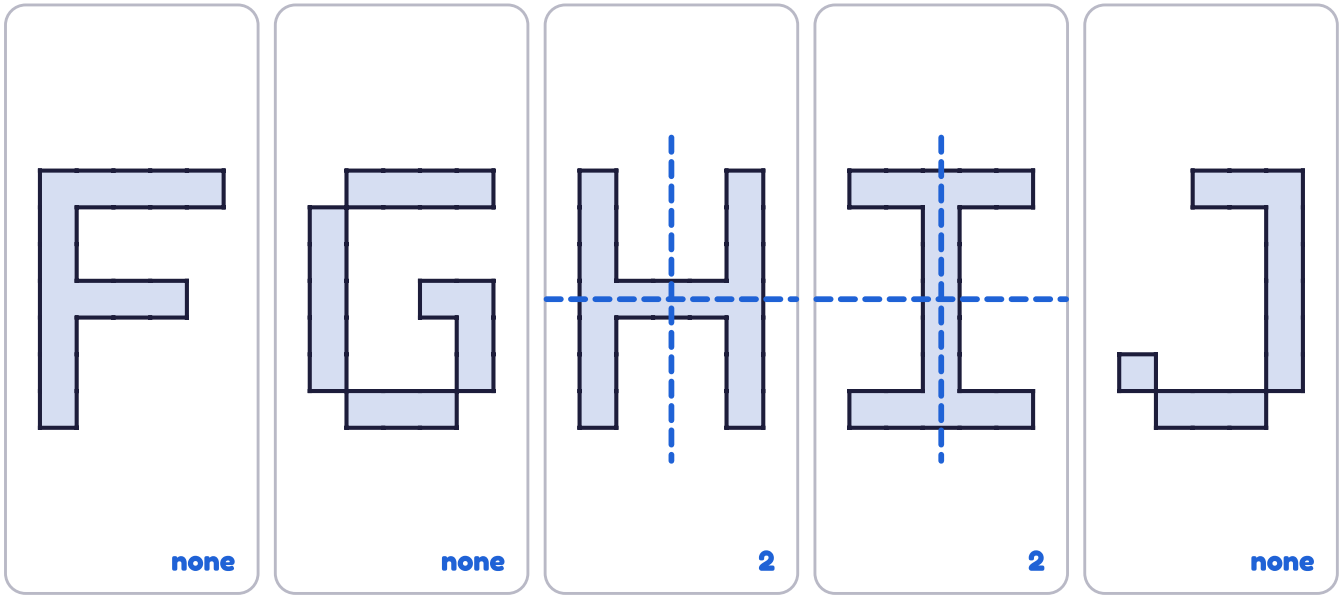

Draw every line of symmetry on each block letter. Some have one, some two, some none.

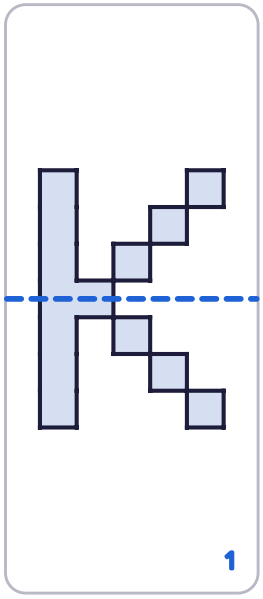

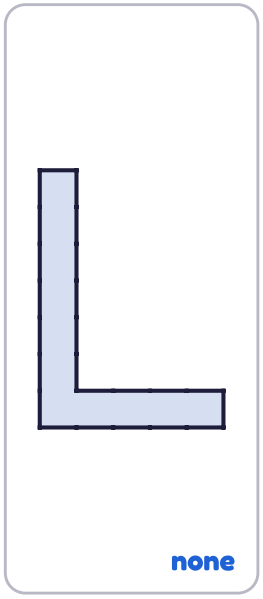

These are our own block letters. In another font or in your own handwriting, a letter can change: a curly C or a K with a short arm. Check the letters you write.

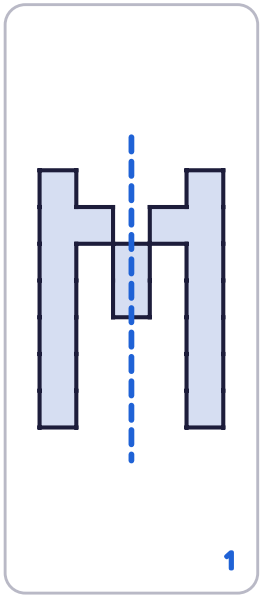

Answers: lines of symmetry in letters A to M
