Garage and car wash: role-play set-up

Set it up, model a role for a few minutes, then step back

Put out

buckets of soapy water

sponges and cloths

an old tyre or wheel

toy tools

job sheets

a phone for bookings

play money

ride-on or toy cars

Roles to try

Mechanic, car washer, customer, receptionist, tow-truck driver

Words to model

tyre, engine, wash, rinse, dry, fix, check, ready, booking, wheel, bonnet or hood

Questions to ask

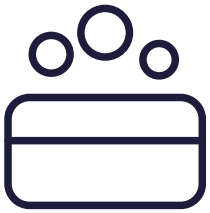

What is wrong with your car? How long will it take? How much will it cost? Which part needs fixing?

Small world

Small-world version: masking-tape roads on the floor or a big tray, blocks for buildings, the traffic lights and crossing word cards as signs, and toy vehicles.

Safety

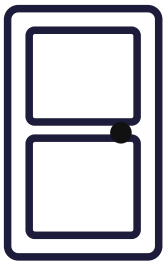

Wet play outside on a non-slip surface; mop spills straight away. Check toy tools for loose small parts.
