# 3D slot-together star

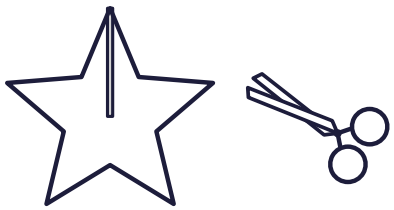

How to make it · 15–25 minutes

**You need**

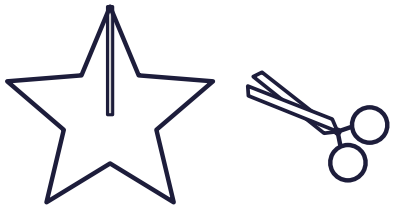

Thin card (160–200 gsm) · Scissors · Thread for hanging (optional)

**1**

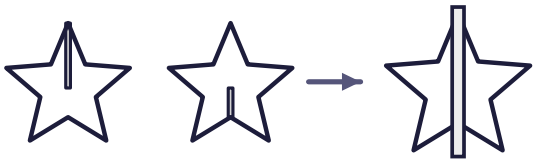

Cut out both stars of a pair along the solid lines.

**2**

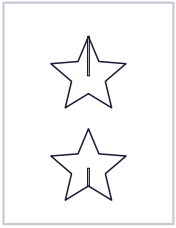

Cut the grey slots: one star from the top point down to the middle, the other from the bottom up to the middle.

**3**

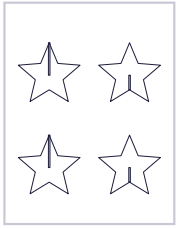

Slide the two stars together at the slots so they cross. Stand it up or hang it.

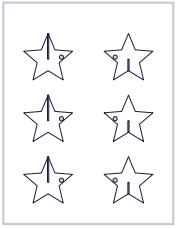

## Pick a level: print only the page you need

# 3D slot-together star

●●○ **Standard**

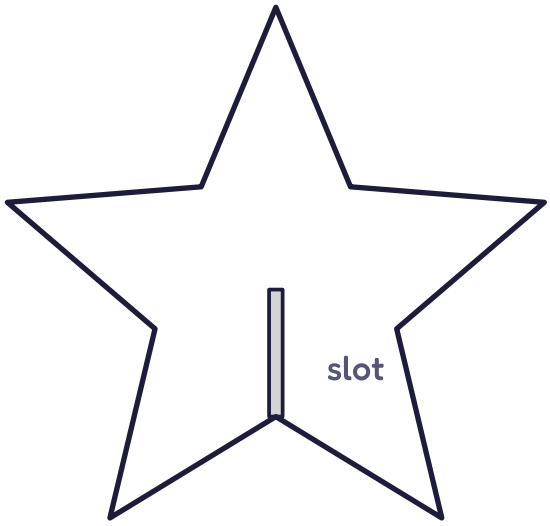

ages 5–8

Two pairs. Each row is one star: top slot on the left, bottom slot on the right.

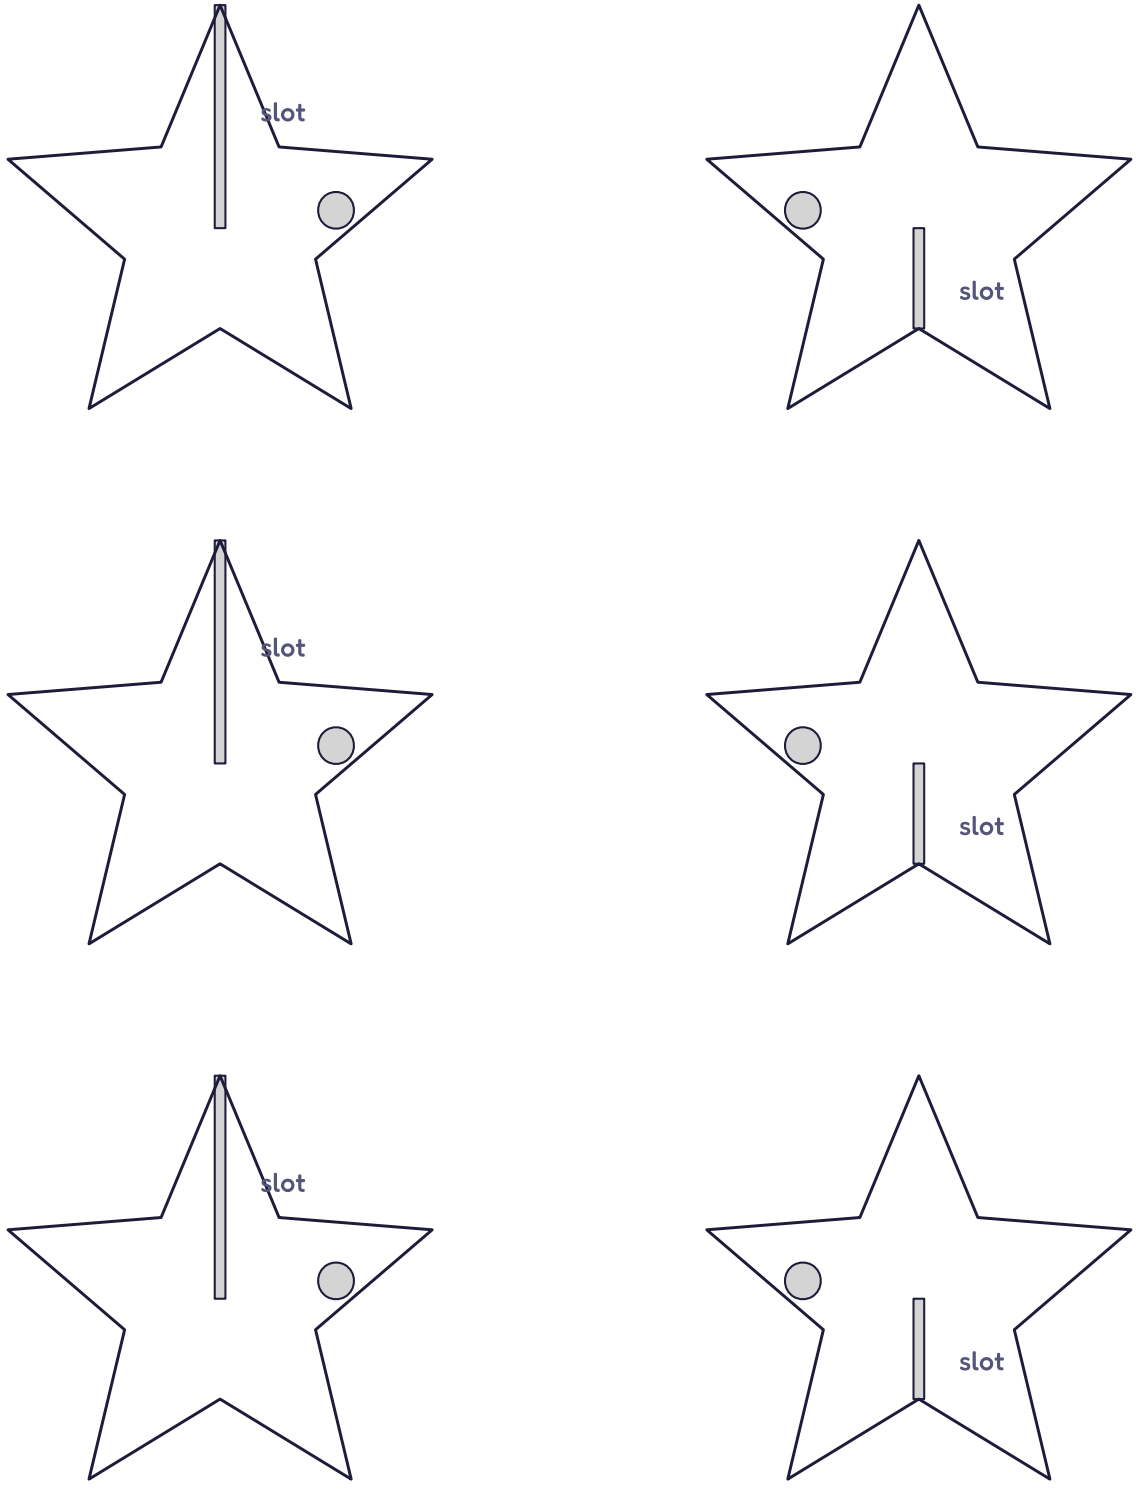

Cut on solid lines  Cut away grey shapes

# 3D slot-together star

Three pairs with a hole for thread. Cut the slots as wide as your card is thick.
