Santa hats: teacher guide

Santa hat

One page
for the adult

Materials

- Red card or paper (or white to colour)
- Scissors, glue and a stapler
- Cotton wool for the trim (optional)

Time

- Santa hat: 15–30 minutes (longer for fine detail)

What it practises

- Cutting long straight strips
- Measuring with your body: join strips until the band fits round your head
- Rolling and gluing a cone (mini hat)

Three levels

- Easy: one big hat to colour or cover with cotton wool.
- Standard: a wearable hat on a headband made of three strips.
- Fine detail: a mini cone hat with bobbles and trim, for a tree or a bottle.

Before you start

Staple the headband with the staples facing out, away from hair. Have cotton wool and glue ready for the trim.

Ideas to extend it

Wear the hats for a class photo or a Christmas performance.

Safety

Adults staple. Keep small bobbles away from babies and toddlers.
